

March 23, 2020

Dear Parents and Students,

Today the Elkhorn Valley Public Health Department has recommended that **schools close for the remainder of the 2019-2020 school year due to the COVID-19 pandemic**. Tekamah-Herman Schools will follow this recommendation. We will continue to do our very best to provide all our students enrichment learning opportunities until the end of the school year following the 2019-2020 school calendar.

Our goal continues to focus on the health and well being of our students and staff. We will, to the best of our ability, provided educational services to all of our students. I am proud of how our staff have worked to put together plans to provide a continuity of learning for their students. They are completely redesigning what “school” looks like on short notice. We realize that each family situation is unique, and we want to support families during this time and not overwhelm them. As we move forward in this process, I’m sure there will be changes made to plans because this will be not be perfect. It will be important that we effectively communicate with one another to make your family’s experience successful. Please do your part to flatten the curve. Stay home if you can and practice social distancing.

Please call, text or email me or your building principal with any questions you may have.

Sincerely,  
Dan Gross  
Superintendent Tekamah-Herman Schools
